Tena koe Billy Te Kahika,

DAMAGE CONTROL CONCERNS
Regarding my Declaration Order

That so far to date, those who have been publicly attacking and trashing Lady Crown without providing proof of claims, either on FB, or Email, or disparagements to you personally are:

- Yourself, Bryce Smith, Gavin Marsich, Georgi Job, Cliff Royal, Reuben Heihei.

One had been disturbed about your current secretary, or whatever position she holds, Maureen Kumeroa as well as Raina

For you six so far, to have publicly trashed, character assassinated someone's reputation and profile, causing injury and harm, that **Defamation Of Character** is a criminal offence in one's eyes, which one takes seriously.

As the Attorney General, Minister for Security & Defence, and Minister for Justice, for the Wakaminenga The Confederation Of Chiefs Of The United Tribes Of Aotearoa, MAORI GOVERNMENT OF AOTEAROA, one's actual intention of going to Waitangi was to deliver a specific presentation, but DIDN'T actually get the opportunity to do so, because of this matter to do with Lady Crown being denied by the NZ CROWN to enter into her own country, in breach of the Te Tiriti o Waitangi 6th February 1840, was one's **first concern**; and then Gregory Baughen's admission to Alistair Wait raised a **second concern** that there has not been a Crown of England here since the end of last generation. That a generation is about 80 years, one would suggest that when in 1934 NEW ZEALAND registered with SEC, Washington D.C. would be this vacated year. One is merely undergoing forensic analysis to joining the dots.

That notwithstanding that the Resolution regarding our TeWakaminenga o Nga Tino Rangitira o Nga Hapu o Aotearoa Declaration Order was passed on the 14th December 2020; as since the 13th December 2020 Resolution that was passed in the Wharenui by "Ko Matou ko ngaa tino Rangatira" (separate jurisdiction to the unconstitutional KOTAHITANGA ADMIN's Hui) where Reuben in the Wharenui moved his second Motion for myself to Spearhead this Declaration Order, where such claims that certain conditions attached to this as alleged by Cliff and Reuben were inventions rather that were never found by them in the Minutes; therefore what actually disturbed me was that I had invited only a certain amount of people to help work with me regarding what transpired on the Friday, 11th December 2020. The reason being is because:

One was not aware of what took place on Day One, until the Saturday morning, 12th December 2020, when three people came looking for me, one a member of the KOTAHITANGA ADMIN, they said to me "they required my assistance." The member of the KOTAHITANGA ADMIN gave me a copy of the WAITANGI SPECIAL RESOLUTION that was moved by Reuben Heihei to assist with a matter concerning Lady Crown of the PURPLE THUMB COMMUNITY. I was also told that Michael Stace was looking for me; so when this instruction came from a member of the KOTAHITANGA ADMIN, this implied that they asked myself to make contact with Michael Stace, that he would fill

me in as to what the matter in hand was, for myself to address. This was my first ever contact with Michael Stace.

So clearly, this matter that I was asked by the KOTAHITANGA ADMIN to assist with and accommodate Michael Stace, was never a NZPP matter concerning you Billy Te Kahika. As I mentioned, once I had read the SPECIAL RESOLUTION on the Saturday morning that was passed on the Friday 11th December 2020 as the initial concern, then when Michael and Alistair Wait briefed me as to what the second concern was, and I saw the seriousness of this matter, that Saturday morning I invited both Michael and Alistair over to my Motel across the road, so that we can get on Internet, on our Laptops and start drafting up the documentation forthwith. Out of courtesy I had invited you Billy, as well as Georgi since she is my Joint-Head of State representative for "Te Hapuu O Te Wakaminenga Waahi O Maniapoto". Alistair's partner Caroline came too, and so did Michelle Hood. That Dot tagged along with Alistair; she wasn't really invited by me to attend. Tiahine turned up too I recall. This Declaration Order now became a Wakaminenga The Confederation Of Chiefs Of The United Tribes Of Aotearoa, MAORI GOVERNMENT OF AOTEAROA matter of National Importance, and outside of Georgi Job's jurisdiction, since she has never been appointed by the National Wakaminenga Council to represent our Sovereign Government.

That from the The Minutes given to me on that Saturday morning, clearly shows that:

- (1) A Special Meeting was called by a group of people on the Friday, 11th December 2020, who presented a "taake" to the Forum Tent KOTAHITANGA ADMIN at 9pm, which ended at 9:36pm;
- (2) Reuben Heihei moved the Resolution on behalf in regards to (1) it was a breach against the Te Tiriti o Waitangi 6th February 1840;

What actually took place during the afternoon, after the Powhiri, of the 11th December 2020 I was told, was Alistair, his partner Caroline and Harley in one car, and Michael in another car, were heading to Auckland Airport, to pick up Lady Crown. I was told that Lady Crown called Alistair (just before they got to Whangarei) and told him that Customs, Immigration wouldn't permit Lady Crown dispensation to come through, unless she was placed into Quarantine, due to their COVID-19 new legislation rules. This was when they stopped, and Alistair made his cellphone call to Gregory Baughen, consulate general, secretary for the Governor General, Patsy Reddy. After this call these four turned back to Waitangi.

I have been explained the confusion that Ngaati Wikitoria are not part of NZPP, which I thought they were. Ngaati Wikitoria were invited to that HUI, they were included in the PANUI invite. I am told there were mainly three parts to them, one with a Joe and Karen from Hastings, another Ngaati Wikitoria with Lady Crown the Tribal Notary, PURPLE THUMB COMMUNITY; and then the rest. One is informed that Michael, Michelle, Alistair and Caroline are part of Lady Crown, and therefore you Billy, Georgi, Gavin, Reuben and Cliff had no right trashing the Manuwhiri who were invited by Stan Taurua to that KOTAHITANGA HUI.

I have some questions Billy? Is it not true that if they are all part of Ngaati Wikitoria, then for what purpose were they going to the Auckland Airport on the 11th December 2020 to pick up Lady Crown of the PURPLE THUMB COMMUNITY? Are you implying that they acted to go to the Auckland Airport to pick up Lady Crown on behalf of NZPP or Ngaati Wikitoria? Are you saying that they were heading to the Auckland Airport to pick up Lady Crown of the PURPLE THUMB COMMUNITY without your approval, yes or no? The reason that I am asking is because you responded to Georgi Job's FB POST on the 16th December 2020, supported Georgi Job to trash Lady

Crown. This was her POST, "GET OFF WITH YOU ... " I went onto that page to challenge Georgi for bringing Maniapoto into disrepute!

Billy I had spoken to Michael several times as to the concerns that you assume that you are part of our "Ko Matou ko ngaa Tino Rangatira, o te Wakaminenga" when you are actually not because you and your NZPP are a NZ CROWN Agent, no different to your friend Bryce Smith with the NZ MAORI COUNCIL, and others who were members of ADVANCE NZ, MAORI PARTY, LABOUR PARTY AND NATIONAL PARTY are all Crown citizens, such as yourself. You guys are of a different jurisdiction to we "Ko Matou ko ngaa Tino Rangatira, o te Wakaminenga", was why I told both Edward Moses and Tiahine Wharekura-Kingi, that placing Ngaati Wikitoria on our Declaration Order would weaken it big time!

One's concern Billy is that both you and Lady Crown have been speaking about this Declaration Order publicly without my consent, and when you had passed your Draft letter to me addressed to Jacinda Ardern, I had emphasized to you Billy about that 31-page document that I had asked your NZPP people to give to you, such as Joann and Maureen Kumeroa to pass onto you about the three 2019 NOTICES requested from Andrew Little, to provide the evidence of International Maritime Contract, which Little had failed to respond to. If you notice on page 5 of 6 of the Declaration Order I included this, but you had failed to address this most important piece that I mentioned in that Declaration Order, was why I made you insert this as the 5th item in your Press Release to Ardern.

You believe that because Michael Stace is part of your NZPP, that you had this prerogative right to demand that he provide you information about my Wakaminenga The Confederation Of Chiefs Of The United Tribes Of Aotearoa, MAORI GOVERNMENT OF AOTEAROA business, which this Declaratory Order is none of your business at all Billy. We were told that you told him to remove Hinewhare Harawira's name from the document, is this true? You have crossed the line for sure; as I have asked Michael if he has provided you with my information, which is of National Security importance, and Michael informed me that you had been putting a huge amount of pressure on him to provide him with this.

One has confidence in Michael Stace, Michelle Hood and Alistair Wait to assist and work with me. Insofar as you are concerned Billy, you have been placing a huge amount of pressure on me, placing me in too much DAMAGE CONTROL, costing me 100s of hours of my time, and unpaid work at that, so don't expect from me any favours, or else one needs to start invoicing to cover costs and labour that our team incur.

That from this moment onwards, if you want to speak to me, you must go through Michael Stace, where all communications with me and my PA Paula Sage, will include Michael and anyone else I choose to bring in. The reason being is, "is it not true that you told Michael you spoke to me about something from after our last 23rd December 2020 conversation, when no such conversation took place at all, yes or no?"

You are free to communicate with myself through this channel line, but remain in honour clean hands in equity.

Naku noa
